## **Report It Now: send a text to 503-451-3260**

October 17, 2011

Parents and Students,

**Report It Now** is Clackamas High School's very own "text a tip" hotline. Students who experience bullying or harassment, or know someone that is experiencing this treatment, can text names and details regarding the situation to the text number: **503-451-3260**. If you are being bullied or harassed, or have a friend who is **Report It Now**.

With all of the social media networks, harassment and bullying are becoming a growing issue. Although many of these situations occur outside of school, they affect the victim's education, social and mental health. According to a May 2011 survey by the Center for Disease Control and Prevention, across the United States, 19.9 percent of students in grades 9 – 12 say they were victims of bullying on school property over a one-year period.

**Parents:** Talk with your kids, know what they are posting on Facebook and what they are texting to friends. Discuss what is appropriate and not appropriate.

**Students:** Know right from wrong. Do right! Don't text or post messages that are hurtful, show racial prejudice, or are sexual in any way. If you experience, witness, or hear harassing or bullying actions, take two simple steps - one; **tell them to stop** and two; **text the information to 503-451-3260**.

Our Report It Now text line does not replace making an actual report in person at the Student Management Office. Report It Now offers an additional reporting tool for our students.

*\* All text messages are confidential and used by student management to monitor inappropriate behavior.*
