## 2022-23 Year in Review

The 2022-23 school year has been a year of strategic implementation and growth for our schools and our community. After a year of development with students, staff, and community North Clackamas has enacted a new Strategic Plan which will serve to guide organizational direction, planning, and resource allocation through 2027. The Strategic Plan has been developed with the following four points to support North Clackamas' mission of "inspiring graduates who are empowered to act with courage in life and to strengthen local and global communities."

- Student Experience \& Success: We prepare each student through engagement, effective instruction, empowerment, and skill development in order to succeed in life and career.
- People and Culture: We foster a welcoming and affirming environment through intentional, culturally inclusive practices where each student and employee is equipped to perform at their highest level.
- Family and Community Collaboration: We elevate student achievement and wellbeing through collaboration and active partnership with families and community.
- Resources and Services: We maximize resources and services through strategic investment, innovative practices, and continuous improvement processes to strengthen the school community and advance student outcomes.

These points indicate the focused priorities of our strategic direction. Student experience and success is a critical component and the cornerstone of guiding our academic and instructional practices. The three areas below demonstrate how North Clackamas School District (NCSD) translates strategic words to strategic action:

- Literacy: Focus has been placed on classroom-based assessments, such as:
- Implementation of a Benchmark Assessment System, that support teachers in making targeted instructional decisions during their daily instruction.
- Implementation of a new phonological awareness and phonics program with an evaluation of the curriculum-based measures that will best assess student growth in this area.
- Instructional Practices: North Clackamas is implementing uniform instructional practices to drive better results. These practices include:
- Encouraging collaborative learning to foster students' engagement in meaningful and productive discourse.
- Providing descriptive feedback to build a continuous process of collecting evidence of student learning during instruction and using it to inform next steps and developing rigorous lessons that have clear learning goals which clarify what success looks like.
- Mental Health: North Clackamas recognizes that the need for mental health services has increased in recent years.
- We have streamlined systems to ensure that the mental health and wellness of students and families are prioritized and met by quality professionals.
- Utilize available funding and partnerships to support learning spaces that address the needs of students, and increase support for all adults to receive professional development in regulation skills.

## 2022-23 Financial Projections

As the 2022-23 school year draws to a close North Clackamas continues to recover from student enrollment declines during the pandemic. Unlike many districts state-wide, we welcomed an enrollment increase this year, which is encouraging. However, NCSD's total enrollment, which is the basis for much of our state funding, is not yet back to our pre-pandemic levels.

Financially, we are projected to end the year with a general fund ending fund balance of $\$ 36.7$ million or 13.12 percent of total resources; which is a decrease of 18 percent from the 2021-22 fiscal year.

The 2022-23 general fund budget made investments in our school system while navigating changing teaching and learning conditions, staff recruitment and retention challenges, increased costs in operation resources such as gas, electricity, etc. in addition to facilities needs brought on by the worldwide COVID-19 pandemic. Examples of those investments included:

- An additional $\$ 125,000$ for classified staff technology device replacement
- \$165,000 for VOIP (Voice Over Internet Protocol) telephone technology replacements
- An additional $\$ 140,000$ in elementary playground replacement/refurbishment
- \$48,000 for live GPS (Global Positioning System) for school buses

Our district also saw $\$ 12.6$ million invested through the Student Investment Account (SIA) during the 2022-23 school year. Those investments included counselors, social workers, health and wellness specialists, special education teachers, nursing services, community outreach facilitators, additional contracted mental health services, staff professional development, class size reduction, early literacy materials, and elementary teacher support at Title 1 schools.

In addition, there were $\$ 17.6$ million in additional COVID-19 relief funds made available through the Elementary and Secondary Emergency Relief (ESSER III) funds, including student computers, ventilation improvements, safety supplies, Virtual Online Program staffing, contract tracing, and additional staffing needed to support unfinished learning during the pandemic.

Also, during the past year, the community continued to see investment in District facilities through the 2016 Capital Construction Bond. All significant bond projects are complete. Remaining funds are being used to finish up bond projects such as the Transportation mechanic shop, and secure entry systems at high schools, which was completed during the 2022-23 school year.

## Budgeting Guiding Principles

As we set out to develop our 2023-24 District budget, we did so with alignment to our strategic plan and the following guiding principles:

- Compliance:
- Comply with all federal, state, and local legal requirements
- Comply with Board policies and administrative regulations (including a minimum five percent ending fund balance)
- Communication:
- Seek and utilize stakeholder and Budget Committee input in budget development
- Promote transparent communication of information and decision-making during the budget development process
- Decision-Making:
- Make decisions for the long term
- Consider the impact on staff and students
- Invest in and utilize data in decision-making
- Consider long-range revenues, expenditures, consequences, sustainability and return on investment.

## State Funding of K-12 Education

Oregon's K-12 budget for the 2023-2025 biennium of $\$ 9.9$ billion represents a modest increase in school funding and continues to show Oregon's commitment to students. This level of funding, however, falls short of the $\$ 10.3$ billion that has been identified by the Oregon School Board Association as necessary to maintain current service levels across continued and unavoidable cost increases in all areas; most especially in payroll, benefits, utilities, and insurance coverage.

## General Fund Budget Assumptions

Tonight, I am presenting a budget for adoption based on a minimum $\$ 9.9$ billion in state $\mathrm{K}-12$ funding and an additional $\$ 23.1$ million in local option levy revenue. The budget is based on the assumption that district enrollment will remain relatively flat in terms of weighted students compared to 2022-23.

A general fund budget based on $\$ 9.9$ billion in state revenue also incorporates the following:

- Salary increases for each employee group as well as a step increase for licensed and administrator groups
- Increase for property and casualty insurance of 20\%, which represents a trend across the industry
- Enhancements to roof safety for OSHA roof fall protection to enhance employee safety
- Support of on-going migration of student records from paper to secure electronic storage
- Additional staff training in support of implementing de-escalation and anti-bias training
- A reduction of 17.5 licensed FTE, 8.0 classified FTE, and 3.0 administrative FTE

Fund balances, revenue, and expenditures:

- The 2022-23 General Fund ending fund balance is projected at $\$ 36.7$ million (13.12 percent of total general fund revenues)
- The 2023-24 General Fund revenue projections are based on a K-12 state school fund of $\$ 9.9$ billion, which is expected to generate approximately $\$ 208.9$ million for North Clackamas Schools
- The 2023-24 projected local option levy revenue is $\$ 23.2$ million
- Total 2023-24 General Fund revenue is projected at $\$ 278.1$ million (approximately $\$ 208.9$ million in local and state revenue, $\$ 23.2$ million in local option revenue, $\$ 36.7$ million from beginning fund balance, and $\$ 6.3$ million in fees, grants, interest and other sources)
- Total 2023-24 General Fund expenditures are projected at $\$ 255.9$ million (excluding fund balance)
- The 2023-24 General Fund ending fund balance is projected to be $\$ 22.2$ million (7.99 percent of total general fund resources)

It is essential to point out that this proposed budget will spend down the district's fund balance by a projected $\$ 11.8$ million in 2023-24. This is not sustainable over time. Therefore, the state legislature must fund Oregon's public schools at a level that maintains current service levels.

In addition to the general fund budget, we are preparing budgets for the Student Investment Account at approximately $\$ 13.3$ million and High School Success at \$4.6 million. The district will also have available remaining ESSER III funds. These funds have targeted uses. For example, 20 percent of the ESSER III funds must be allocated to address students' unfinished learning. At this time, the district plans to use these funds to support summer learning and activity programs, Virtual Online Program staffing for the 2023-24 school year, and learning support and acceleration strategies. Additional investments in technology, air circulation, virus mitigation strategies, and other post pandemic-related priorities are planned for implementation during the 2023-24 school year.

## Local Option Levy Renewal

North Clackamas is grateful for the support shown by our community in the form of the Local Option Levy. Since it was approved by voters in 2018 it has served as a fundamental support in pursuit of our ongoing mission by allowing the district to maintain class sizes, a full academic calendar, and funding teaching positions.

In the 2022-23 school year the levy continues to support approximately 180 teaching positions across the district; which represents approximately one out of five teaching positions in the district.

The 2023-24 school year is the final year of the original levy. The district is developing a plan for seeking renewal of the levy in the fall of 2023.

## Looking to the Future

We must continue examining and implementing financial systems and practices that will build long-term financial resiliency. We also must ensure we meet our District mission of preparing graduates who are inspired and empowered while providing a desirable workplace for recruiting and retaining Oregon's best public employees.

To continue to meet our mission we must:

- Continue implementation of the school district's new strategic plan which will drive planning and resource allocation over the next four school years
- Prioritize renewal of the local option levy in 2023 through community engagement
- Continue reviewing the district's long-term facilities plan and the next phase of the capital construction needs
- Plan and prepare for anticipated PERS and employee benefits rate increases in future years
- Remain committed to implementing instructional models that deliver high quality instruction to our 16,500+ students
- Continue to plan for curriculum adoptions to meet the requirements of current state standards and ensure cultural relevance in instructional materials
- Ensure staff have professional development addressing ongoing curriculum adoptions, quality instructional practices, equity, and students living with trauma
- Ensure our students have necessary mental health supports by working with community and government partners
- Strategically invest resources targeting college and career development, dropout prevention, and career technical program expansion and development to increase graduation rates and post-secondary enrollment
- Continue to use our equity focus to drive improvements. The district needs to continue to increase the diversity of staff and facilitate more student voice
- Continue to advocate for school funding at Oregon's Quality Education Model levels; as inflation increases are driving up expenditures, the legislature will need to hear school district voices as they allocate future funding

In closing, I know that I am working with a talented team in North Clackamas that is coalescing around common values of equity, relationships, integrity, empowerment, and care. We will continue to move forward and meet the challenges of educating our community's children in these uncertain times while continuing to look for ways to innovate and improve. We will continue to nurture and develop partnerships to ensure that all students succeed, and continue to advocate at the state level for not only our students but all Oregon students.

While the level of Oregon's current educational budget certainly limits feelings of optimism, I am always optimistic about the way the North Clackamas School District team will continue to deliver a strong educational program for each student.

I want to thank our staff, students, parents and community for their ongoing patience, grace and support during this unprecedented time in our district, state and nation. I also want to thank the Budget Committee for their review and input on the district's budget. I deeply appreciate the commitment of our staff and of all those who work to
help make a difference for our students and families. We will continue to partner with our community as we forge ahead. We are strongest when we walk forward together.

Respectfully submitted,

Dr. Shay James

## Our Mission

Inspiring graduates who are empowered to act with courage in life and to strengthen local and global communities

## Our Vision

We build relationships with students to honor their cultural heritage, foster their physical, social, and emotional well-being, cultivate joy in learning, and engage each student to reach their full potential. We create environments where students are inspired to be creative and critical thinkers as they prepare for success in life, college, and career.

North Clackamas School District is committed to examining and improving our system by affirming students' many identities while building inclusive, barrier free schools and workplaces.

A
Student Experience \& Success

Strengthen and improve instructional and assessment practices that lead to meaningful academic and experiential learning for each student.

Ensure that modes and delivery of teaching and learning are varied and responsive to students' learning needs.

Provide frequent actionable feedback to students that leads to growth and proficiency.

Strengthen and continue to provide opportunities for student learning through academics, arts, and extracurricular activities.

Support the mental health and well-being of each student.

Develop a district-wide system in which all students graduate with a post-secondary plan and pathway for success.

Provide safe and flexible learning environments to encourage collaboration and innovation.

Recruit, hire, and retain exceptional employees with a strong sense of commitment to the school district's mission, vision, and core values.

Strengthen practices that lead to a workforce that reflects the diversity of the North Clackamas community.

Foster professional growth and leadership across all levels of the organization.

Cultivate a collaborative environment that empowers employees and provides job satisfaction.

Embrace technology and effectively use emerging tools in curriculum, programs, and department functions.

Strengthen relationships and interdependence among schools and departments.

Family \& Community Collaboration

Build trusting relationships with students, families, and community.

Ensure that schools and district provide accessible two-way communication avenues.

Improve family engagement through a variety of relevant, accessible and meaningful opportunities.

Foster inclusive spaces that build community with families and students through culturally relevant practices.

Create new and nurture existing community partnerships that advance the school district mission and vision.

Build a reputation for NCSD as an award-winning, premier school district in the state of Oregon.

Strengthen and develop partnerships that remove barriers to learning and advance the school district's vision and goals.

Build clear systems and methods of communication among schools, departments, and families.

Create impactful and sustainable systems that are adaptable to changing needs.

Improve processes and systems to enhance accessibility while using culturally responsive practices.

Invest in long term facilities planning, maintenance, and capital construction that provide safe, healthy, and flexible learning and work environments.

Continue effective decision-making that ensures financial stewardship and transparency.

## District Equity Policy

As each student enters a North Clackamas school, dreams are nurtured, history and cultural heritage are celebrated, love of learning is fostered, educational, physical, emotional and social needs are supported.

The North Clackamas School District is a community of learners committed to equity and the success of each student. This commitment means that student success will not be predicted nor predetermined by race, ethnicity, family economics, mobility, language, marital status, gender, sexual orientation, gender identity, disability, initial proficiencies or religion.

The principle of equity goes beyond formal equality where all persons are treated the same. Instead, equity fosters an inclusive and barrier-free environment in which everyone will fully benefit. The district will apply this principle of equity to all policies, programs, operations, practices and resource allocations. All students will have access and opportunity to a high-quality education.

The North Clackamas School District is committed to the following foundational beliefs:

1. Each student can learn with adequate support at the highest levels when all staff provide equitable access and opportunity for learning, and hold each student to high expectations;
2. Maximizing the academic achievement of every child requires allocating resources equitably, not necessarily equally;
3. Everyone in the district will act to eliminate disparities to prepare all students for college and career and;
4. An inclusive and welcoming environment plays a critical role in supporting a child's educational goals.

To realize our beliefs the North Clackamas School District will:

1. Systematically use districtwide and individual school level data, disaggregated by race, ethnicity, language, special education, gender, sexual orientation, socioeconomic background and mobility to inform district decision-making;
2. Provide students with equitable access to high quality curriculum, programs, teachers and administrators, extracurricular activities and support services, even when this means differentiating resource allocation;
3. Affirm the identity of each student, acknowledge and celebrate differences to create a sense of belonging for each student;
4. Incorporate the voice, culture and perspectives of students, staff, families and communities that reflect student demographics to support and enhance student success;
5. Identify and counteract biased practices that perpetuate achievement disparities and lead to disproportionate levels of student success;
6. Provide multiple and varied opportunities in order to meet the needs of the diverse student body;
7. Actively recruit, hire, and retain staff that reflect student demographics at all organizational levels and support employees to engage in culturally responsive practices and delivery of quality instruction and service; and
8. Ensure that the North Clackamas District Strategic Plan embraces the principle of equity as a key feature and presents measurable outcomes to prepare all students for college, career and life.

## WELCOME!

The goal of the budget is to present a meaningful financial plan that can be readily understood by all members of our community, while also creating a sound basis for decision-making. All budget committee meetings are open to the public. Community members are invited to participate and engage in conversations regarding the proposed budget.

## BUDGET DOCUMENT FORMAT

The budget document is organized into three major sections:
The Introductory Section includes the District's Strategic Direction, Purpose, Goals and Objectives for 2022-26, the Budget Message, a narrative overview of the budget, enrollment history and projections, and performance results. In addition, this section includes the budget calendar for 2023-2024 and an organizational review.

The Financial Section contains required information for all District funds, descriptions of significant revenue sources, and expenditure categories.

The Informational Section includes information related to property tax history, enrollment history and projections, staffing budget, student testing results, and a glossary.

## THE BUDGET PROCESS

The budget is a financial plan that shows the estimated costs to operate district schools and programs for the following fiscal year. The District prepares its annual budget in accordance with provisions of Oregon Local Budget Law, ORS 294, which provides standard procedures for the preparation, presentation, administration and appraisal of budgets.

Budget preparation takes several months and involves both building-specific and central staff input. The Superintendent presents the proposed budget along with the Budget Message to the Budget Committee. The Budget Committee then reviews the proposed budget and receives public comment. The Budget Committee recommends revisions to the budget, if needed, and approves the budget for School Board adoption.

The first Budget Committee meeting to review the proposed budget is generally held in May, unless an earlier meeting is required to address special circumstances. Notice of the meeting is published once in the local newspaper, five to thirty days before the meeting date. Notices are also posted on the District's website at least 10 days prior to the meeting. After the proposed budget document is presented to the Budget Committee, community members may obtain a copy at the District administration office located at 12400 SE Freeman Way, Milwaukie, OR 97222, or by calling (503) 353-1900. The budget document is also available on the District website at:
http://www.nclack.k12.or.us/business/page/budget-documents

## SUPPLEMENTAL BUDGET

If the school district receives unanticipated revenues or a change in financial planning is required, a supplemental budget may be adopted to authorize a change in the budget within the fiscal year. A supplemental budget cannot be used to authorize a tax levy.

The School Board may adopt a supplemental budget at a regular public meeting if expenditures in the supplemental budget are less than 10 percent of the annual budget being adjusted. If the expenditures are more than 10 percent, the School Board must first publish the supplemental budget and hold a special hearing.

## STATE FUNDING OF K-12 EDUCATION

In the 1990s, Oregon voters approved a property tax limitation that shifted major responsibility for funding K-12 programs from local property taxes to Oregon's General Fund. The measures approved by the voters require the Oregon Legislature to replace these property taxes. As property taxes were reduced, the reliance on the State General Fund increased.

As one of the few states that does not have a sales tax, the State of Oregon's primary revenue sources are the state income tax and property tax revenues. Therefore, the funding levels for K-12 education statewide are significantly affected by fluctuations in the economic climate. In addition, prior to 2007, Oregon's Kicker Law required the state to return any income tax collections in excess of two percent of projections to taxpayers. This effectively kept the state from being able to "save" during the good times in anticipation of economic downturns. During the 2007 legislative session, a bill was passed which allowed the state to create a Rainy-Day Fund-a first attempt to stabilize state funding.

The State School Fund projects funding for each student attending school in Oregon through a weighted enrollment distribution system. A 10-year historical review of the State School Fund general purpose grant amount per Average Daily Membership weighted is displayed in the chart below.

The budget being presented for adoption is based on $\$ 9.9$ billion biennial state $\mathrm{K}-12$ funding.

## LOCAL OPTION LEVY

In November 2018 North Clackamas voters passed the local option levy Measure 3-541. With the measure's passage, the District was able to maintain its teaching staff and reduce class size. The 2023-2024 school year will be the final year of the five (5) year levy tax. The $\$ 1.63$ per $\$ 1,000$ of assessed home values is used to support operations. North Clackamas is developing a plan to seek renewal of the levy in the fall of 2023.

## DISTRICT ENROLLMENT

The District's proposed budget requirements are based on the number of projected students. State School Funding, the primary source of District revenue, is calculated on the basis of the number of students enrolled and any special factor(s) associated with each student.

North Clackamas School District works with demographers, FLO Analytics, to prepare enrollment forecasts for the District and its schools. These studies integrate information about North Clackamas enrollment trends with local area population, housing, and economic trends. The information is used in the District's long range financial and facility planning as well as annual staffing and student transfers planning.

After 22 consecutive years of enrollment growth between 1986-87 and 2008-09, total K-12 enrollment in the North Clackamas School District fell for five consecutive years between 2009-10 and 2013-14. The 2020 K-12 enrollment of 16,030 represented a decrease of 797 students as a result of the move to Comprehensive Distance Learning due to the Covid-19 pandemic. Approximately 200 kindergarten students did not enroll in the fall of 2020, another 250 students chose to home school and the remaining 300 students moved to other online charter schools.

For our estimated enrollment for October, 2023, the District is anticipating enrollment of approximately 16,376 students. The District also used the estimated growth shown in the graph on the following page but discounted that number by 100 students for some planning purposes to be conservative in the estimate of enrollment.

The most recent middle series enrollment forecast estimates show that overall student enrollment will grow by 533 students in the next ten years and is not projected to return to pre-pandemic levels until the 2032-33 school year. The graph below displays historical student population for years and ten years projections forward.

## ORGANIZATION OVERVIEW

## BOARD OF DIRECTORS

The Board of Directors meets in regularly scheduled meetings, the second and fourth Thursday of each month. Regular sessions, special sessions, work sessions, and Budget Committee meetings are open to the public. Executive sessions are held as needed for specific purposes as provided by state law. Notices of all meetings are posted on our District website at: https://www.nclack.k12.or.us/about-ncsd/school-board/school-board-meeting-dates-and-format.

## SUPERINTENDENT

Superintendent Dr. Shay James was appointed by the Board to serve as the Chief Executive Officer of the District. The Superintendent is a professional educator employed to advise the Board on all matters concerning management of the schools, as well as administering laws, regulations and policies adopted by the Board.

As the leader for teaching and learning for North Clackamas School District, the Superintendent is responsible for guiding the development of the curriculum and educational programs that address the needs of students, and providing leadership and advocacy for education. The Superintendent is accountable for the fiscal management of the District, guiding the direction of employees, and ensuring their ongoing professional development.

## EXECUTIVE DIRECTOR, FINANCE \& BUSINESS SERVICES

Executive Director of Finance \& Business Services Matt Makara serves as the Budget Officer and is responsible to the Board and administration for all financial operations.

## BOARD OF DIRECTORS

North Clackamas School District is governed by a Board of Directors comprising of seven elected members serving four-year terms. Board members are community volunteers and do not receive compensation for their work. The Board elects a chairperson and a vice-chairperson from the seven members. The Board has legal authority for all public schools in the North Clackamas School District within the framework set by the Oregon Legislature and the State Board of Education. The Board establishes policy based on Oregon and federal laws governing schools. The Board acts to interpret the educational needs of the District, then meets those needs with policies and facilities that motivate students and stimulate the learning process. The Board is also responsible for employing the Superintendent to administer the District.

The ongoing duties of the Board include allocating resources, formulating policy, and interacting with the community in support of the District mission. The Board of Directors support the District's efforts to achieve the objectives of the Strategic Plan by setting annual Board goals that align with the main strategy areas, and by holding staff accountable to showing measurable progress toward identified outcomes.

The Board members and the expiration of their terms are:

| Position | Name | Expiration |
| :---: | :---: | :---: |
| Position 1 | Orlando Perez | June 30, 2023 |
| Position 2 | Jena Benologa, Vice Chair | June 30, 2023 |

| Position 6 | Mitzi Bauer, Chair | June 30, 2025 |
| Position 7 | Steven Schroedl | June 30, 2023 |

## BUDGET COMMITTEE

The North Clackamas School District Budget Committee comprises of all seven Board members and an equal number of community members who are appointed by the Board. No staff members are allowed to serve on the Budget Committee.

Budget committee members are appointed for three-year terms. The terms are staggered so that, as near as practicable, one-third of the appointive members' terms end each year.

According to Board policy DBEA: "The budget committee will hear the budget message presented by the superintendent, receive the budget document, listen to comments and suggestions by patrons, and announce the time and place for its future meetings. All meetings of the budget committee are open to the public."

# General Fund Resources by Source Code 

North Clackamas School District
Total: \$278,146,100
Major revenue sources referred to in this document with Resources, include local property taxes and the State School Fund.
Property Taxes \& Other Local Revenue: The current tax levy is one of the main sources of revenue for funding the operations of North Clackamas School District. It is based on the assessed valuation of all taxable property within the district. It is collected by the County Treasurer and includes current taxes, prior taxes and any penalties or interest paid. Other local revenue consists of user fees, investment earnings, building rentals, indirect costs charged to grants, charter schools, donations and gate receipts.
Intermediate Sources: Intermediate sources of revenue consists of the County School Fund and the ESD students with disabilities distribution and ESD flow through funds.
State Sources: State sources make up the largest share of all revenue received in the General Fund. The State School Fund and the Common School Fund comprise state sources of revenue. The Oregon Department of Education is required to provide districts with estimates of State School Support in March of each year.
Beginning Fund Balance: the Beginning Fund Balance is rolled over from the Ending Fund Balance of the prior year and is used to provide revenue until tax revenues are received in November.

Account for operations that are financed and operated in a maner similar to private business enterprises where the stated intent is that the costs (expenses, including depreciation and indirect costs) of providing goods or services to the students or general public on a continuing basis are financed or recovered primarily through user charges. Enterprise funds are also used to account for operations where the school board or state regulatory agency has decided that periodic determination of revenues earned, expenses incurred, and net income is appropriate fot capital maintenance, public policy, management control, accountablility, or other purposes. Some examples of enterprise funds might include funds used for the bookstore operation, the athletic stadium and the community swimming pool. Few School Districts have activities that would require the use of Enterprise funds.

## District Goals

The North Clackamas School District's mission is "Inspiring graduates to act with courage in life and to strengthen local and global communities." For 2022-2027, NCSD's key strategic points are: Student Experience \& Success, People \& Culture, Family \& Community Collaboration, and Resources \& Service. We create environments where students are inspired to be creative and critical thinkers as they prepare for success in life, college, and career.

## State Goals

The Oregon Department of Education is partnering with school districts and local communities to ensure a $90 \%$ on-time, four year graduation rate by 2025. To progress toward this goal, the state will prioritize efforts to improve attendance, provide a wellrounded education, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

## Glossary

## This Page Intentionally Left Blank

## GLOSSARY

ACCOUNTING SYSTEM - The total structure of records and procedures which discover, record, classify, summarize, and report information. It divulges the financial position and results of operations of a government of any of its funds, fund types, balanced account groups, or organizational components.

ACCRUAL BASIS - The basis of accounting under which transactions are recognized when they occur regardless of the timing of related cash flows.

ACTIVITY - A specific and distinguished line of work performed by one or more organizational components of a government for the purpose of accomplishing a function for which the government is responsible. For example, food inspection is an activity performed in the discharge of the health function.

ACHIEVEMENT GAP - A persistent and significant disparity in educational achievement and attainment among groups of students.

ADM (Average Daily Membership) - The year-to-date average of daily student enrollment.
ADMw - The average daily membership of daily student enrollment increased by a variety of weighting factors. For example, each student qualifying for special education services is given one additional weight and counted as 2.0 full-time equivalents (FTE) for funding purposes.

ADOPTED BUDGET - The financial plan adopted by the school board, which forms a basis for expenditure appropriations.

APPROPRIATION - A legal authorization to make expenditures and incur obligations for specific purposes. Total appropriations include the adopted budget and any supplemental budget(s). The legal appropriation is the amount authorized by the board.

ASSESSED VALUE - The portion of value of real or personal property that is taxable, the lesser of the property's real market value or the constitutional value limit. The value limit may increase $3 \%$ annually unless qualifying improvements or changes are made to the property. See "Measure 50."

ASSESSMENT - A method to measure what students are learning (i.e., testing).
ASSETS - Resources owned or held by a government entity, which have monetary value
BEGINNING FUND BALANCE - Funds carried forward from the current fiscal year into the next budgeted fiscal year that become a resource to support the appropriations for the next budgeted fiscal year.
